## Review of Marking and Appeals

### Candidate consent form – To be returned by 1pm Thursday 20<sup>th</sup> September

#### Information for candidates

The following information explains what may happen following a review of marking and any subsequent appeal.

If your school submits an application for a review of the original marking, and then a subsequent appeal, for one of your examinations after your subject grade has been issued, there are three possible outcomes:

- Your original mark is lowered, so your final grade may be lower than the original grade you received
- Your original mark is confirmed as correct, so there is no change to your grade.
- Your original mark is raised, so your final grade may be higher than the original grade you received.

In order to proceed with the review of marking, you **must** sign the form below. This tells the head of your school that you have understood what the outcome might be, and that you give your consent to the review of marking being submitted.
