Appendix 2

There are effective systems of internal financial and management control. The Head Teacher (Accounting Officer) is responsible for establishing and maintaining a sound system of internal control.

Operational systems aim to minimise the incidence of fraud, limit its impact and ensure its prompt detection. These systems and controls include:

- Budgetary control – designed to identify fraud which results in shortfalls in income or overspendings against expenditure.
- Organisational control – separation of duties, internal check and staff supervision.
- Personnel policies – setting the culture and deterring fraud. Reducing the risk of employing dishonest staff by checking information supplied by employees and references obtained during the course of the recruitment process, including CRB checks.

The school has a Resources Committee and an independent Responsible Officer function which provides advice to management in respect of control matters and which conducts a cyclical programme of reviews of the adequacy and effectiveness of the systems which have been put in place.

Appendix 3

There is a publicised formal statement of procedure to be followed by employees who have a suspicion of, or concern about, possible or actual malpractice within the school.

All members of the St Columba's Catholic Boys' School community are able to report suspicions of fraud by following the school's Whistleblowing policy. All matters will be dealt with in confidence and in strict accordance with the terms of the Public Interest Disclosure Act (1998). Vigorous and prompt investigations

will be carried out into all cases of actual or suspected fraud discovered or reported. (See Fraud Response Plan – Appendix 4).

Appendix 4

Opportunities for fraud exist in many aspects of the school's activities and all members of the St Columba's Catholic Boys' School community do therefore need to be vigilant.

The fraud response plan sets out the schools procedures to be followed if fraud is reported or discovered.

The following are examples of areas where there may be particular opportunities for fraud:

- The use of a false address in order to secure admission to the school.
- Incorrect information used to obtain free school meals.
- Inaccurate or false information used to secure employment with the school or one of its contractors.
- Delay or refusal to pay for school meals taken.
- Removal of school resources for personal use.
- Submission for payment of false invoices.
- Manipulation of data or information to present a false impression.

The fraud response plan acts as a checklist of actions and a guide to follow in the event of fraud being suspected.

Any member of the school community who uncovers or suspects any fraud within or upon the school must report it immediately to a senior member of staff or a director. Failure to do so may constitute a disciplinary issue.

The senior member of staff or governor to whom the concern is reported should raise it immediately with the Head Teacher who will decide whether to report to the Chair of Governors and the Responsible Officer.

The Head Teacher will assess the risk to the school and identify a lead officer to manage the investigation of the suspected fraud, the collation of evidence and damage limitation. The Head Teacher will also advise on whether an outside agency should be involved.

Within six hours the lead officer will determine immediate action to be taken to prevent further fraud and to recover any losses. This may include, for example:

- Decision to withhold offer of a school place.
- Decision to temporarily suspend all payments until systems can be confirmed as secure.
- Decision to suspend a member of staff (in discussion with the Head Teacher).

Within forty eight hours a full investigation should have taken place and been reported to the Head Teacher or the Chair of Governors. The Head Teacher or the Chair of Governors will determine the course of action to take.

The Head Teacher, in discussion with the Responsible Officer, will evaluate the events which led to the suspected or actual fraud to occur and ensure that preventative action is taken where necessary.

If evidence of a fraud is forthcoming, the Head Teacher will inform the Education and Skills Funding Agency as required by the funding agreement and consider whether to refer to the police or to lawyers.
